Place Order

How does HW Eats help... anything?

- **SAVES TIME** → people can spend more of their lunch not waiting in line
- Even people who do not order ahead will face shorter lunch lines
- If you have to quickly hop on the bus for an away game or go to a meeting, ordering ahead can help you quickly get food and not miss lunch!

Rules

- Can only order a max of 2 items → no ordering whole cafeteria
- Can only place order the day before and **ONLY** the day before. Once clock strikes midnight you cannot place an order for that day.
- Have to be one of the first 20 people to place an order for the given time slot you chose → this restriction prevents long pick-up lines from forming.

Procedures Explained

- You don't pay for your food until you actually go to the pick up counter and pick up your food. Cafeteria staff will also make sure that you are the one who is supposed to be picking up this food.
 - When you scan your ID before you are given your food
→ that is when you pay
